Technical information about this website's accessibility

East Wittering and Bracklesham Parish Council is committed to making its website accessible, in accordance with the Public Sector Bodies (Websites and Mobile Applications) (No. 2) Accessibility Regulations 2018.

Compliance status

This website is **partially compliant** with the Web Content Accessibility Guidelines (WCAG) version 2.2 AA standard, due to the non-accessible content listed below.

Non-accessible content

The content listed below is non-accessible for the following reasons:

- Some images do not include alternative text, which means screen reader users may not be able to understand the content of those images
- Some headings and links do not contain content or are not descriptive, which may cause issues for users of assistive technologies
- Older PDF documents are not fully accessible to screen readers
- Some online forms are not fully accessible using a keyboard alone

We are working to address these issues as part of our ongoing accessibility improvements.

Content that is not within the scope of the accessibility regulations

PDFs and other documents

The accessibility regulations do not require us to fix PDFs or other documents published before 23 September 2018 if they are not essential to providing our services. For example, we do not plan to fix documents relating to meetings that took place before 23 September 2018 or newsletters published before that date.

Any new PDFs or Word documents we publish will meet current accessibility standards wherever possible.

What we are doing to improve accessibility

We review this website for accessibility improvements twice a year and will make updates where required to improve compliance and usability.
